

QA Campus

Training Path

Trainee

Trainee registers for the Training Program :

- Browses through the Program Catalog.
- Contacts the Training Representative and registers to the Training Program.

Mentor

Each registered Trainee is allocated a “Mentor”:

- Mentor is the main guide through the Program and guides the Trainee at each step with valuable inputs, feedbacks and suggestions.
- Mentor is the main Point Of Contact (POC) for any Technical Query, Problems and Concerns.

Trainee

Registered Trainee is given Login credentials by the concerned Mentor

- Trainee logs-in the QACampus using the login credentials and explores the Campus.
- A “**Welcome Kit**”, containing documents and reference materials, is provided to the Trainee to facilitate the training program at QACampus.

Trainee

Trainee logs in and accesses the e-Learning Section at QACampus.

The e-Learning Section guides the Trainee through a sequential listing of Program Topics. On the completion of the Program the Trainee is awarded the “ Training Completion Certificate”. Along with the tutorials, the comprehensive course structure covers multiple activities:

- Feedback questions at the end of every lesson/topic to judge the clarity of concepts.
- Regular Assignments given by the Program Mentor which are then reviewed, and Trainee is given the feedback.
- Provision of Forums and Blogs to facilitate getting faster solutions.
- Mentor Interaction, through chat to help trainee directly approach their mentors for discussions and guidance.
- Provision of tele-conversations to help facilitate discussions with the Mentor.
- Planned Feedback Sessions to help Trainee understand their strengths and areas of improvements.
